

IDOCEO 4.0

Teacher's gradebook and planner for the iPad

www.idoceo.net

WHAT IS IDOCEO?

iDoceo is a unique and essential tool for every educator, suitable for any subject or teaching environment.

Integrated in class rooms, provides resources, diaries, reports, archive features and direct communication with students and their parents.

iDoceo works with custom or standard grades allowing each teacher to apply their own expertise and criteria. It goes way beyond a traditional teacher planner or grade book.

GRADE BOOK, STUDENTS **FILE**
DIARY, TIMETABLE, CALENDAR, PLANNER
REPORT **GENERATOR**, E-MAILS
RESOURCE **MANAGER**: VIDEO, AUDIO, FILES

HANDWRITTEN **NOTES**, DASHBOARD WIDGETS,
STATISTICS AND GRAPHS

COMMUNICATION WITH STUDENTS, PARENTS, **TEACHERS**, DEPARTMENT

GRADE BOOK

	C-	C+	A+	84	57
ut	E	C+	B+	90	69
ut	E	C+	A	80	88
ut	E	A+	B-	80	78

CONTENTS

Text, Icons, Notes

Cells in the gradebook allow any kind of content you can think of. Numeric and text data, annotations, icons, files and resources. A complete set of specialized cell editors will keep you in the fast track in your assessment.

CALCULATIONS

Averages & formulas

The calculations engine will process your information in real time and will show results instantly while typing grades or updating data.

Create simple averages or add custom formulas.

ANNOTATIONS

Text and files

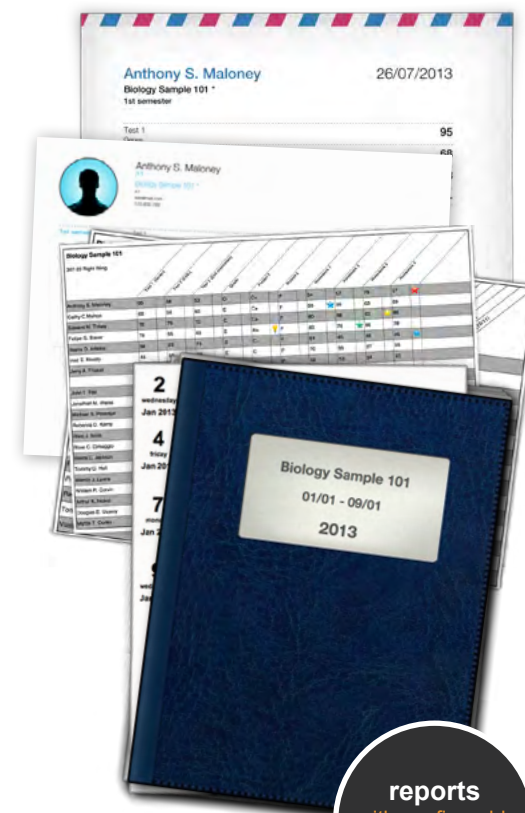

Each gradebook cell allows extended text annotations, files (PDF, Pages, images, etc), URL links, audio, video or photos stored in your iPad or recorded with iDoceo.

E-MAILS AND REPORTS REAL TIME DATA AND REPORTS AUTOMATICALLY SENT TO EACH STUDENT

iDoceo can export all its data in different formats: fully configurable PDF reports, XLS or CSV files. CSV format allows further processing in online platforms or third party applications.

Information sent by email can be addressed to parents, students or both.

Send reports to absent/present students today, a group or a selection of students.

STUDENT FILE

All the information related to a student in a window.
Personal data, contact information, notes, cell annotations, resources, etc.
Add your own fields and group them by concept.
Students roster can be inserted manually, directly imported from a XLS/CSV file or from an iDoceo template file.

ATTENDANCE STATS

A complete attendance management system within the app.
Configure your attendance icons and take attendance from the gradebook or directly from the seating plan
Information can be exported to CSV and XLS to be imported in online or third party platforms.

BULLETIN BOARD

A visual way of organizing your resources for a class or a specific subject.

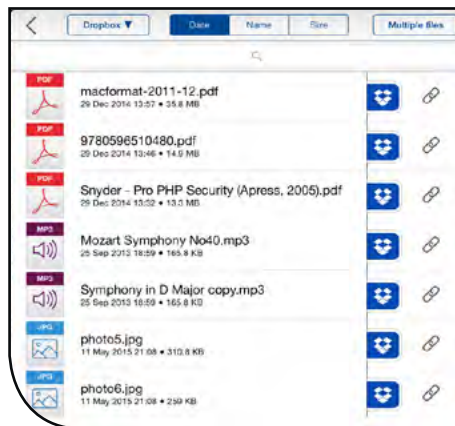

Create an unlimited number of boards and share them with other teachers.

RESOURCES GALLERY

Integrated in iDoceo, allows to play videos, present images, PDF, files in Pages, Word, Keynote and many other different formats.

With your iPad and an AirPlay enabled projector, teaching and learning becomes a whole new experience.

DROPBOX, GOOGLE DRIVE, ONE DRIVE, ICLOUD

iDoceo provides direct integration with your stored files in Dropbox, Google Drive or One Drive. Download files or links from the cloud and make them a part of your gradebook. Add them to a cell, student, diary, bulletin board or any other element you can think of.

Backup settings allow you to store its in Dropbox, iCloud, Google Drive or WebDAV servers

PC&MAC CONNECTIVITY

Sharing files between a computer and iDoceo has never been easier. Its embedded Web server allows you to upload&download files from a PC or Mac in the same LAN as your iPad.

SEATING PLAN

An alternative view to the conventional grade book. You'll be able to perform the same tasks, create columns, take attendance, random student picker, etc. but with your students position in mind.

5 SEATING PLANS PER CLASS

Keep track of your students position in each classroom. Configure your own background design and choose between different view modes.

01

02

03

01. DIARY

All your information perfectly organized in a single window. Complete integration between events, resources, annotations and your scheduled classes for a specific day. Annotations can be sent by email to students or you can create elegant PDF reports with all the annotations available for any given period.

02. DIARY - MONTH & WEEK VIEW

Global views to plan your classes ahead. Includes iCal calendars and resources prepared for each lesson.

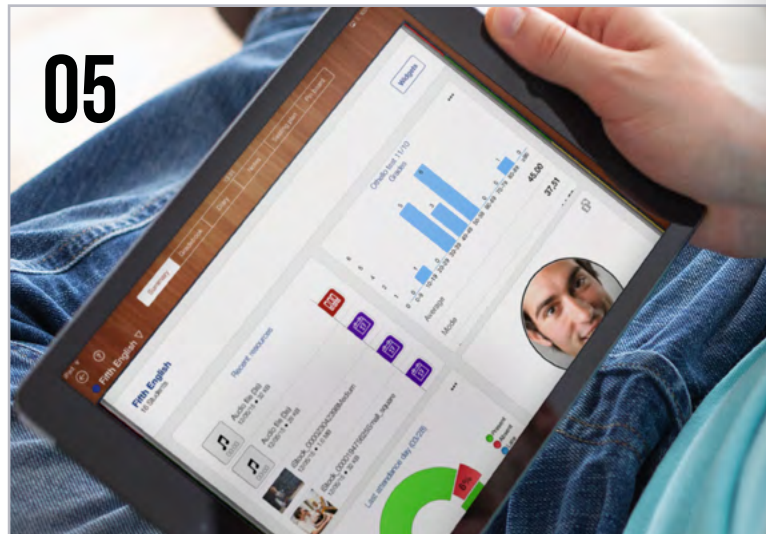

03. TIMETABLE, PLANNER AND CALENDAR

Take control of complex timetables, rotating cycles and holidays at a glance.

04

05

06

04. TIMELINE

All your diary annotations, resources and events from a different point of view.
Add icons, bump lessons forward, lock them on a given date or copy them to a different class.

05. DASHBOARD

A summary for each class with more than 20 configurable widgets.
Add attendance statistics, grades distribution, random picker, timers, stopwatches, recent resources and many more.

06. HANDWRITTEN NOTES

Add handwritten notes anywhere or create standalone notepads.
Insert an unlimited number of pages, rearrange them at will, assign different paper styles, duplicate pages or create PDF reports with all your notes.
Zoom (x12) and pan your content, draw with different colours, pen sizes and styles.

THE SAME CLASS WITH NEW EYES

Get the most out of your iPad in your class room with iDoceo.

An essential assessment tool for customized or standardized evaluation.

Keep track of each student's progress, and prepare your classes with links, files and videos.

The paperless solution at your hands

Share resources,
configurations and data with
other iDoceo users with
templates

Minimum requirements : iOS 7

Supports all iPad models except iPad original (1st gen)

Available in English, Spanish, French, Italian, Dutch, German and Portuguese

Available on the
App Store

Absolutely fantastic

"I have tried a number of different apps for keeping track of attendance, my daily lesson plans, calendar, etc. I have wasted money on all of them except this one. This is brilliant and I have been raving about it to all colleagues. It does everything I could ask of it and has cut down my paper work by half. Best part is sync with calendar, ability to email parents and students and keep track of lesson plans. Love it."

Awesome! Best Teacher App Ever!

"Love this app! You will not find a better roll book app out there! This is the one app every teacher needs to have. Keep up the great work iDoceo!"

Great

"A tool every teacher needs if you have an ipad available while you are marking and planning"
